

MRS. GUY WOLF DIES; FORMER TEACHER HERE

Mrs. Elsie B. Wolf, 71, wife of J. Guy Wolf, 32 E. Lincoln Ave., died Saturday morning at Memorial Hospital, New York City, where she had been a patient since November 10.

She had suffered from cancer for eight months and had been in Memorial Hospital in New York for treatment in July. Thereafter on several occasions she had been a patient in the Warner Hospital here prior to being returned to Memorial Hospital earlier this month. Her husband and stepson, Atty. Charles W. Wolf, were with her at the time of death.

A public school teacher in York and Adams Counties for 31 years, she attended Millersville State College and Irving College, receiving her state permanent teacher's certificate for the elementary grades in 1919. She began teaching in York County in 1910 and taught at Fink's School in Conewago Twp. and then at New Baltimore and later at Midway schools. From 1918 to 1921 she taught at the Stock St. School in Hanover.

RETIRED IN 1958

In 1921 she married Mr. Wolf who was then teaching in Gettysburg High School and who has since retired after 42 years in the public schools. Beginning in 1922 Mrs. Wolf became a substitute in the Gettysburg schools and from 1926 she taught at what was then the Franklin St. Colored School in Gettysburg until the local schools were desegregated. Thereafter she taught at Round Top School, near Granite, and at Good Intent School, both in Straban Twp., until she returned to the Gettysburg schools where in later years she taught at the Lincoln and Keefer schools and was teaching Sixth Grade in the High St. School when she resigned in the fall of 1958 by reason of ill health.

She was a daughter of the late Elias and Frances Cover Basehoar and was born February 1, 1890, at the Basehoar homestead in Union Twp., near Christ's Church, where her grandfather, George Basehoar, settled in the early 1800's.

She is survived by her husband and stepson and a brother, Howard C. Basehoar, Littlestown R. D., and by 12 nieces and nephews. She was a member of Christ Lutheran Church in Gettysburg and of the Gettysburg chapter of the Daughters of the American Revolution.

New Offer By Soviets

By PRESTON GROVER

MOSCOW (AP)—The Soviet Union proposed today that the United States, Britain and France agree with it now to ban all nuclear tests. First Western reaction was skeptical since the Soviet proposal seemed to call for an uncontrolled moratorium.

The proposal was made on the eve of the resumption of nuclear test ban talks in Geneva by the Soviet Union, Britain and the United States. France, the fourth nuclear power, is not a participant but a Soviet statement said the time has come to invite the French.

The Soviet Union released a proposed four-article draft agreement and in an accompanying statement hinted they may resume tests if France does.

Under the Soviet proposal the four powers would agree to halt tests in the atmosphere, under water and in outer space. The argument was that each power now has the means of detecting such tests and cheating would be impossible.

The four powers also would undertake not to hold nuclear weapons tests underground while negotiating an agreement on a control system that could detect such blasts.

BUY THE CAR THAT'S
GOT "IT" '62 MERCURY
COMET

According to local Mercury dealers, the reasons for the success of the Mercury Comet are many. One source is quoted as saying, "Most people credit Comet's fine-car styling. This, of course, is true. Comet is styled like a high-priced car, but that's not the entire story by a long shot."

Credits price, size, ride

"In my opinion," he went on, "the low price of the Mercury Comet helped it become a hit with the public right from the start. Add to this the longer wheelbase that makes Comet's ride smoother than that of competitive makes, plus greater room all around, and you can see why the public considers the Mercury Comet a tremendous buy."

It was also pointed out that Comet's trunk is the largest in the compact car field. This makes it ideal for the average family that uses its car for shopping, transporting "do-it-yourself" supplies and long vacation trips.

Combines compact economy with high resale

Being a compact car, Mercury Comet naturally has the kind of handling ease that Americans have wanted in cars for years. It is nimble, maneuvers with minimum effort, and is a cinch to park.

Even more important, perhaps, is the fact that Comet, being a true compact car, offers remarkable economy. In addition to savings on gas, there are savings on tires and over-all maintenance. In 1962 models, for example, oil changes are needed only at 6,000-mile intervals (about twice a year for most drivers). The car also comes with a new anti-freeze, anti-rust radiator coolant that provides cooling system protection for a full two years.

One other point that gives Comet owners great pleasure is the matter of its higher resale value. While the value of other compact cars seems to drop quickly on the used car market, Mercury Comet's record proves it holds its value beautifully. As a result, owners

Mercury dealers are heralding the fact that they now have a car to fit every buyer. The running mate to the compact '62 Mercury Comet is the handsome Mercury Monterey. This car, it is said, was made for the big-car man. It is a big, hefty package with a choice of 4 brawny V-8 engines. The wheelbase is a lengthy 120" and, in conjunction with a special suspension system called Cushion-Link Suspension, offers a ride that compares with highest priced cars.

Mercury Monterey in popular-price range

Despite the fact that Mercury Monterey's ride, room, luxury and styling give the impression that the car is in a higher priced field, car buyers will find that the Mercury Monterey for 1962 is well within the popular-price range. This is one reason the car is considered by many as the best-looking buy for the big-car man.

A money-saver in many ways

Mercury Monterey offers wonderful economies in upkeep. Its many self-servicing features include a chassis that requires lubrication only at 30,000-mile intervals. A new-type oil filter needs oil changes only once every 6,000 miles. Brakes are self-adjusting. When the driver backs up the car, brakes of all four wheels automatically adjust, if necessary, for greater efficiency.

For increased body life, vital areas of sheet metal are protected against rust by a special process. In addition, the car has a special Super-Enamel finish. This rugged finish keeps its luster, needs only occasional washing, never needs waxing.

In short, maintenance has been reduced to routine service just twice a year for most drivers. Mercury dealers suggest that the most convincing demonstrations of Mercury quality can be obtained by arranging a test drive at their showrooms.

ONE HUNDRED YEARS AGO

We learn that about 1,000 horses belonging to the Government, are to be distributed for keeping during the winter in York and Adams counties—to be held as a reserve, and to be called for just as they are needed. The Government stipulates that they shall be fed a peck of oats and 15 pounds of hay per day, for which 40 cents per head is paid. Agents are here making contracts.

Congress Will Assemble At Washington on Monday next, Dec. 2, and its proceedings will be looked for with great interest, as highly important matters will be before them.

Our representative, Hon. Edward McPherson, returned here a few days ago, from his position in the Army, as a Volunteer Aide-camp to Gen. McClellan. He is in fine health and spirits. He will take his seat in Congress on Monday next.

A large number of regiments from the North arrived at Fort Monroe a few days ago, preparatory to some grand forward movement. The 45th, 76th, and 97th Pennsylvania regiments were among the number. Capt. Diller, of Hanover, and Capt. McIntyre, of York county, are in the 76th regiment.

The Post says that English letters received here state that the British Government refused to grant clearances from English ports to vessels having aboard arms for the U. States, and that shippers will hereafter be compelled to send in vessels from Continental ports.

SEVENTY-FIVE YEARS AGO
Dickinson College Troubles: The troubles at Dickinson College have assumed a new phase, and will be transferred to the courts. The father of J. M. Hill, one of the expelled students, demanded a hearing and reinstatement of his son, who claims to be innocent of the charges preferred against him. The faculty refusing, Mr. Hill on Wednesday sued out a writ of mandamus, to show why he should not be reinstated, returnable Tuesday, November 30. His petition was signed by Messrs. Trickett, Stewart, Hopburn and Miller, four lawyers of Carlisle. The writs have been served on the nine members of the faculty.

Sales: The corner property of Joseph Herman, Sr., in New Oxford, was sold at public sale, the widow being the purchaser at \$2,755.

On the 20th inst., the executors of the estate of Col. John Wolford, dec'd, sold the last real estate in the name of said decedent, being what was known as the Peacock property, in York Springs, Col. W. W. Stewart being the purchaser at \$460.

Personal: Prof. Hart Gilbert, of the Shippensburg Normal School, spent Thanksgiving day in town visiting friends.
Yesterday we had a pleasant visit from Mr. John H. Beecher, Lawrence county. He left Gettysburg in 1850, and has become one of the substantial citizens of his adopted county. During the war Mr. B. was a staunch Union man and like thousands of other Democrats has since trained with the Republican party.

LEARN HOW
Learn how! This is the beginning of all success and happiness. The man who knows adds to his accumulation of knowledge every hour and is always growing. He sits at the feet of no one—he listens at the feet of all.

No matter how trivial the thing may be, if you know how to handle it, you have a basis for larger achievement.

One day I stopped and watched a large crew building a bridge. The way they had planned it all out seemed wonderful to me. Each process from the driving of piles and erection of the concrete and steel supports, to the finished, graceful lines of the long sections of the span, seemed simple enough though I knew that every inch of it had been carefully designed and worked out by a man who knew.

A life can be built just like a bridge. But you must first know how to live. How to face the hard knocks, the discouragements and the defeats. Even the bridge builder runs up against difficulties that he doesn't expect. But his knowledge always shows him a way out.

Keep thinking, observing—pondering things over. Line up your ideas as though they were choice pupils of yours. Ask them questions.

Learn how!
Consider nothing trivial in which knowledge is encased.

He who does big things carries with him a great reserve. He is always looking ahead. He sees, with his fine imagination, the completed thing, even before it has been started. This is a way that the know-how men have.

What a part this little word "how" plays in human affairs! If you know how you are independent. You will go ahead on your own account and ask odds of no man.

Learn how!

Tomorrow Mr. Adams will talk on the subject: "Washington Irving"

Just Folks

IN A HOSPITAL

The lady in the hospital was very fat to see;

She seemed to all the broken wrecks as gracious as could be.

But one there was who turned away and hid his face from view—

A strange and solitary man whose name nobody knew.

That he had fallen to the depths, to everyone was plain;

A homeless wanderer caught at last within the grip of pain.

They'd found him moaning in the streets with cheeks and temples hot,

And took him to the public ward and placed him on a cot.

And then one day the lady came, her face with smiles aglow,

With little gifts to cheer the poor she hurried to and fro.

With kindly speech she walked about, as thoughtful people do,

Who still remember human souls require a tonic, too.

He heard her voice and turned away, asleep he feigned to be;

He would not let the visitor his tortured features see.

And this is what he told the nurse who later asked him why:

"Alone I've lived for twenty years; alone I choose to die!"

"It's much too late for kindness now; too late for pretty speech.

There's nothing left in me today that charity can reach.

Time was a kindly word perhaps had meant a different life,

But that was twenty years ago — and then she was my wife!"

SOVIETS NOW IMPRISONING TOURIST SPIES

MOSCOW (AP)—The Russians now are imprisoning tourists convicted of spying. They used to expel them.

Since September, one American, two Dutchmen and two Germans have been packed off to Soviet prisons.

The Germans and the Dutchmen got longer sentences than Francis Gary Powers, the American U2 pilot who was given 10 years for flying over the Soviet Union May 1, 1960. Powers, now in prison at Vladimir, 100 miles east of Moscow, must do three years in prison and the rest of the time in a labor camp.

The same type of military court last month handed out 13-year sentences for espionage to two Dutch tourists, Lou de Jager, 25, and Evert Reydon, 29.

Last week two Germans, Peter Sonntag, 22, and Walter Nau-

SEN. BRIDGES PASSES AWAY IN HIS SLEEP

CONCORD, N.H. (AP) — A funeral service at the New Hampshire state house at noon Wednesday is planned for Sen. Styles Bridges, 63, senior Republican member of the Senate, who died Sunday.

Bridges' death was not likely to change the present partisan lineup in the Senate but a liberal-conservative struggle to choose a successor in the Senate Republican leadership appeared possible when Congress reconvenes in January.

President Kennedy led the tributes to the senator, chairman of the powerful Appropriations Committee and second ranking Republican on the Armed Services Committee.

MAY NAME POWELL

Many political observers in traditionally Republican New Hampshire believed Republican Gov. Wesley Powell, a graduate of Bridges' staff, would be appointed to succeed him, although some other reports mentioned Bridges' widow.

The appointee will hold the seat only until the 1962 election, when the voters will choose a senator to complete the balance of Bridges' term, which expires in 1966.

Powell can not appoint himself. He would have to resign as governor and be appointed by his successor, the president of the state Senate, Samuel Green, a Manchester Republican.

DIES IN SLEEP

Bridges' office said the senator "died peacefully in his sleep at 5 a.m. in his Concord, N.H., home by complications arising from a severe coronary attack suffered Sept. 20."

Bridges entered a Washington hospital Aug. 18 with severe pulmonary congestion and on Sept. 20 at Concord suffered what his physician called a moderately severe heart attack. He was discharged from the hospital Nov. 3.

He was born and reared on a small farm in West Pembroke, Maine.

In the Senate, Bridges generally was regarded as an articulate spokesman for the conservative point of view, though he regarded himself as a "middle-of-the-roader."

Bridges was one of the triumvirate of party leaders in the Senate along with Sens. Everett M. Dirksen of Illinois, the GOP floor leader, and Leverett Saltonstall, Massachusetts, chairman of the conference of Republican senators.

Washington speculated that liberals among the GOP senators may try to fill Bridges' place as policy committee chairman from among their own ranks.

In 1959 at the opening of the 86th Congress, the liberals made a similar move, but their candidate for floor leader, Sen. John Sherman Cooper of Kentucky, lost to Dirksen, 20-14. Bridges was a leader in the Dirksen camp.

Sen. George D. Aiken of Vermont could be the liberals' choice for the policy committee if a contest develops. Aiken now outranks GOP senators in seniority except for Sen. Alexander Wiley of Wisconsin.

SCRANTON, Pa. (AP) — The Democratic organization in Lackawanna County plans to petition the board of elections today for a recount of votes in the Scranton contest for mayor and one city council post. The city has 102 precincts.

William P. Farrell, chairman of the Democratic Lawyers' Committee, said the recount will be sought particularly in the ballot for council in which Jerome Parker, city council president, lost by 43 votes to Republican John W. McNamara.

mann, 27, drew 12-year sentences on charges of spying for the United States.

The same charges face Mr. and Mrs. Adolf Werner, two West German tourists who go on trial Tuesday.

The first tourist to feel the wrath of a military court was Marvin William Makinen, a student from Chassel, Mich. He drew an eight-year sentence on Sept. 9.

Previously various tourists and students had been expelled from the Soviet Union, mainly for photographing or looking at things the Russians classify as secret.

Many things listed as espionage in the Soviet Union are not considered even slightly criminal in other countries. It is illegal to photograph any bridge, high tension power line, airport, railroad yard or the like.

President's Son With Toy

ADVICE FOR PRESIDENT POURING IN

WASHINGTON (AP) — The people are telling President Kennedy what's on their minds—and also telling him off a bit—in stacks of oversized blue postcards piling up at the White House.

They praise him warmly or criticize him on his administration harshly. They talk about socialism, communism, nuclear tests, a balanced budget, fallout shelters, Caroline, racial and religious intolerance.

More than anything else, they are strongly for or strongly against medical care for the aged financed through the Social Security System.

SPECIAL CARDS

These blue cards are special ones, already addressed to Kennedy at the White House and even carrying the salutation "Dear Mr. President."

They were on hand for anyone who wanted to pick them up at the series of regional conferences, just staged in 12 cities under government auspices. Cabinet members and squads of other top-rank administration officials made the circuit, delivering speeches, taking part in panels, answering questions.

The objective, the administration said, was to tell the people about the record of Congress and the administration and to obtain their views.

AGAINST MEDICAL CARE

A survey of the first 200 cards contained contributions from eight cities: Chicago, St. Louis, Nashville, Denver, Detroit, Cleveland, New York and Philadelphia.

The one topic that stands out in the first communications is medical care for the aged. On a numerical count, the number of cards expressing opinions on this issue runs about 5 to 4 against such care under the Social Security financing plan the administration recommends.

But the figures don't give a complete picture.

Nearly half the total cards received are from St. Louis, and more than half of the St. Louis cards are from doctors.

All told, St. Louis had checked

in with 87 cards, 49 from physicians. All 49 were typed, all looked as if the typing was done on the same machine. Five were from individual doctors and 44 were in pairs—each pair of cards identically worded but each signed by a different doctor.

From all cities, 52 cards opposed the medical care program, 44 approved it.

While the doctors lined up against the medical care program, a number of nurses told Kennedy they are for it.

Some of the doctors called the plan socialized medicine. But a Philadelphia woman told Kennedy: "I am hoping that you will help pass the bill on socialized medicine."

HAZLETON, Pa. (AP) —

Old Forge and Coal Township will play for the championship of the Eastern Pennsylvania Interscholastic Football Conference Saturday, conference officials decided over the weekend.

People who attended the Nashville conference came up with some matters nobody else mentioned. One man advised Kennedy to "integrate our country into the Common Market."

Several cards commented favorably on the way the President's brother, Atty. Gen. Robert S. Kennedy, had handled himself at conferences. A Pennsylvania woman, in red and black typing, put her views on this into rhyme that proposed a new song: "Hail to the Chief—and to the Chief's Brother."

WEEKEND TALK EASES ISSUE OVER BERLIN

By TOM OCHILTREE

LONDON (AP) — The weekend talks between President Charles de Gaulle and Prime Minister Harold Macmillan apparently eased—but did not eliminate—the French leader's opposition to Western negotiations on Berlin with the Soviet Union.

No communique was issued, but this was the impression that filtered from the prime minister's closely guarded country estate where the two leaders met. De Gaulle as usual had nothing to say to newsmen when he returned to Paris.

John Russell, the British Foreign Office spokesman, said the talks were "most friendly, pleasant and intimate" but "the pattern is, in any case, not complete—there are still some further moves out in the rounds of the Western leaders."

TALKS WERE USEFUL

It was learned that Macmillan and De Gaulle regarded the talks as useful and that there had been a thorough exploration of the Berlin problem and of Britain's application to join the European Common Market.

De Gaulle was expected to reserve his final decision on East-West negotiations until he discusses with Chancellor Konrad Adenauer the West German government's attitude toward a new Western approach to the Soviets.

recovered from the gripe, will meet with De Gaulle in Paris Thursday.

Adenauer as well as De Gaulle has been reluctant to approve negotiations on Berlin, but the chancellor's talks with President Kennedy in Washington are believed to have shown that West Germany's policy generally is in line with that of the United States and Britain.

NO YIELDING

Walter Ulbricht, East Germany's Communist chief of state, showed no yielding in a speech made public Sunday.

When his government signs a separate peace treaty with the Soviet Union, he said, the Western Allies will have to withdraw their garrisons from West Berlin gradually and negotiate with East Germany for access rights to the Red-surrounded city.

Ulbricht declared the position of East Berlin, the East German capital, is not up for negotiation.

Giants Bump Off Browns As Tittle Stars Again; Eagles Whip Dallas To Hold 2nd Place

By MIKE RATHET

Yelverton Abraham Tittle, like the fabled Rumpelstiltskin, has a name that's virtually impossible to remember. But his exploits are hard to forget.

Acquired in an Aug. 15 trade that caused little stir, Tittle has been the No. 1 offensive weapon for the New York Giants in a series of stunning triumphs, the latest a 37-21 walloping of the Cleveland Browns Sunday.

Tittle, 34 with 12 years experience in the National Football League, completed 18 of 27 passes for 253 yards against the Browns and kept the Giants rolling toward the Eastern Conference title with their fourth consecutive romp and ninth victory in their last 10 games.

HOLD-GAME LEAD

Under the Bald Eagle's guidance, the revitalized New York offense has accounted for an amazing 170 points in the last four games as the Giants built and maintained a one-game lead over the defending league champion Philadelphia Eagles.

The Eagles (8-3) kept pace Sunday, whipping the Dallas Cowboys 35-13 behind Sonny Jurgensen's five touchdown passes. They still have three games left, including a Dec. 10th meeting with the Giants at Philadelphia.

In the Western Conference, Green Bay, 17-9 winner over Detroit Thursday, holds a commanding lead over the Lions and San Francisco 49ers, tied for the runner-up spot at 6-4-1. The Packers, at 9-2, can wrap it up with one more victory. They meet the Giants at Milwaukee next.

OTHER GAMES

The 49ers remained in contention by beating Minnesota 38-28. In other games, Chicago edged Los Angeles 28-24. Baltimore thumped Washington 27-6 and Pittsburgh nipped St. Louis 30-27.

Despite Tittle's prolific passing, the Giants scored all their touchdowns on the ground with Y. A. rambling five yards for one in the key clash that has just about eliminated the Browns (7-4) from title contention. Bobby Gaiters scored twice, on runs of 11 and 11 yards. Ernie Barnes got the other on a 35-yard jaunt with an interception and Pat Summerall contributed three field goals.

Milt Plum got two scores for Cleveland with 43 and 15-yard tosses to Ray Renfro.

LONG PASS PLAY

Jurgensen hit Ted Dean for a 60-yard scoring play to overcome a 3-0 Dallas lead, then connected with Pete Retzlaff on a 40-yard payoff pitch and wound up with TD strikes to Tommy McDonald on plays covering 46, 40 and 27 yards. The lone Cowboy (4-6-1) touchdown came on a 21-yard pass from Eddie LeBaron to Amos Marsh.

The 49ers abandoned the shotgun completely for the T formation and beat the Vikings (2-9) on the running of J. D. Smith and John Brodie's passing. Smith scored a pair on 6 and 15-yard runs while Brodie pitched a 40-yard TD toss to R. C. Owens and scored on a 16-yard dash.

The Bears (6-5) with fullback Rick Casares scoring three times, needed a 55-yard touchdown pass from Billy Wade to Willie Gailmore with two minutes left to win it. Zeke Bratkowski passed for three Rams (3-8) scores, including an 84-yarder to Ollie Matson.

SKINS WINLESS

Johnny Unitas connected with Jim Mutscheller for a 10-yard touchdown flip in the first period and when Steve Myhra added the conversion the Colts (6-5) had all they needed to extend the inept Redskins (0-10-1) winless streak to 21 games.

Sub quarterback Rudy Bukich took over for Bobby Layne, engineered a 44-yard drive that spelled success for the Steelers (5-6) when Lou Michaels kicked an 18-yard field goal with 17 seconds left to beat the Cards (4-7). It was Michaels' third of the day.

Gordie Howe Plays In His 1,000th Game

CHICAGO (AP)—Gordie Howe, in his 15th season with the Detroit Red Wings and ranked as one of the all-time stars in the National Hockey League, set another record Sunday night.

The 33-year-old flashy wingman played in his 1,000th regular season game with the Wings against the Chicago Black Hawks, for a league record.

Howe, five times winner of the league's most valuable player award and five times scoring leader, isn't making any plans to hang up his skates for some time.

"I figure on playing at least 300 more games," Howe said after the Black Hawks, 4-1.

DICK GAMBLE PUTS AMERKS IN AHL LEAD

Dick Gamble, working his second hat trick in three nights, has powered the Rochester Americans to a four-point lead in the Western Division of the American Hockey League.

The 33-year-old veteran left winger, who scored 40 goals with Buffalo last season, had only seven goals going into his big weekend, but produced six goals and two assists in three games.

Gamble, who had scored three against Quebec Friday, had his second three-goal spurge of the season Sunday night, blasting in the last one only 43 seconds from the end of the game and beating Providence 4-3.

It gave Rochester a four-point lead, 24-20, over Cleveland, idle Sunday night, in the Western standings.

HERSHEY WINS

Right wing Norm Corcoran also had a hat trick, scoring three for Pittsburgh in a 5-3 losing effort to Quebec in the league's only other game Sunday night.

Quebec led all the way in a scramble between the two teams occupying the bottom rung of the two divisions. Corcoran's third goal, with a minute and a half left, closed Pittsburgh to within one goal, 4-3, and they later lifted their goalies in favor of another skater in an effort to tie it up.

It backfired when defenseman Frank Martin fired into the open net with 42 seconds left. Michel Harvey got two goals for Quebec, while Jean-Marie Cossette and Michel Labadie got the others.

No games are scheduled to night. In Saturday action, Springfield, leading the East by one point, humiliated Rochester 13-1, Hershey blasted Buffalo 9-2 and Providence took Cleveland 3-1.

CARTER WINS BOWLING TITLE

CHICAGO (AP)—Don Carter isn't a movie star, he's a bowler, but movies helped him win his fourth World's Invitational bowling title in five years Sunday.

The St. Louis athlete credited his blonde wife, Laverne, with helping him win the \$7,500 first prize in the tournament.

"I'd been having quite a bit of trouble in the qualifying rounds," Carter said, "and I was throwing several bad balls each game although I couldn't figure out why."

"However, on the morning of the semifinals," he continued, "my wife, Laverne, had some movies developed and I could see that I wasn't bending my left knee enough and consequently was throwing the ball from too high a position. I corrected this in the semifinals and finals and you know the rest."

The rest was that Carter, who usually wins going away, had to rally in the final two games of the 100 game grind to nose out Ray Bluth. Second place money of \$3,750 went to Bluth, who also is from St. Louis.

The women's division was won by Marge Merrick of Columbus, Ohio, who won two out of three games from Mrs. Marion Ladewig of Grand Rapids, Mich., the defending champion, in the final position round. First place was worth \$4,000.

CHARGERS AND OILERS READY FOR SHOWDOWN

By HAROLD V. RATLIFF

Associated Press Sports Writer Houston's point-made Oilers get the San Diego Chargers on the home lot this week and it's the big game in more ways than one for Wally Lemm's hard-bitten crew.

Houston can kill two birds with one George Blanda — just about sew up the Eastern Division championship of the American Football League and show that San Diego is human after all. By so doing the Oilers could become favorites to repeat as champion, too.

San Diego hasn't yet lost a game and already is Western Division king. Things have come pretty easy for the Chargers. Houston, on the other hand, had to dig out of a terrifying early season slump. If a team profits more from mistakes, the Oilers ought to be just about perfect.

WON 6 IN ROW

They have won six games in a row and averaged 40 points per contest. They beat New York 49-13, which is a point better than San Diego could do.

Houston has only three games to go and the first is San Diego. If it wins this one it can expect to cop the Eastern Division title and clash with San Diego in the league playoff. Only New York and Oakland remain and Houston should have no worries about those outfits.

Houston walked Denver 45-14 Sunday and showed San Diego that, while it holds the AFL record for pass-interceptions with 43, it has no corner on this statistic. Houston gobbled up six Denver passes Sunday and, like San Diego does, turned some of them into scores.

BLANDA EXCELLENT

Blanda was in his usual fine fettle, passing for a touchdown, kicking a field goal and booting six extra points. He also engineered long drives for touchdowns.

Dallas and Oakland played a meaningless game Sunday but it was the occasion for Abner Haynes, the versatile Dallas halfback, to put on his biggest show.

Li'l Abner scored five touchdowns and rushed for 158 yards as Dallas beat Oakland 43-11. He set one-game league records for touchdowns, points, rushing and making the most touchdowns by rushing, four. Haynes bettered the 26-point day Blanda had last year.

ROYALS CLOSE IN ON LAKERS

By THE ASSOCIATED PRESS Cincinnati, which once looked like it was going to be left in the lurch by the streaking Los Angeles Lakers, is slowly creeping up on the Western Division leaders of the National Basketball Association.

The Royals closed up a game and a half over the weekend—the big move a 117-102 victory over the Lakers Sunday night—and now trail Los Angeles by four games.

The Boston Celtics, meanwhile, extended their Eastern Division lead to 4½ games over idle Philadelphia. The defending champion Celtics, winners of 13 of 15 this season, handled Detroit 107-101 in the only other league game Sunday night.

Oscar Robertson's outside shooting, sparked Cincinnati as the Royals, enjoying a 46-43 lead, hit for 15 straight points and put it on ice against the Lakers.

Ex-State Star On Conference Team

KANSAS CITY (AP)—Bill Stangarone, a 172-pound quarterback-halfback from Turtle Creek, Pa., is one of six men to represent champion Wichita on the 1961 Associated Press Missouri Valley Conference All-Star football team.

Stangarone, a junior, was a key operator in the Shockers second straight championship in the four-team circuit. He scored six touchdowns and six conversions, while rushing 406 yards and passing for 203.

HALL PLAYED "BEST GAME"

PITTSBURGH (AP)—No one can say Galen Hal isn't consistent.

Just as he has done the entire football season, the senior quarterback sparked Penn State on Saturday, this time to an easy 47-26 victory over longtime rival Pitt.

It was the consensus of opinion that the contest was Hal's best of the season. He completed 11 passes in 14 tries for 256 yards, including two touchdowns, and scored two touchdowns himself on fifty runs.

His first scoring dash came in the first quarter when State's Buddy Torris broke through the line at the Pitt six and fumbled. The ball bounced off the back of Pitt guard Larry Vignali, and Hal snagged it in mid-air and continued across the goal line.

In the third quarter, Hal picked his way through the Pitt team and raced 11 yards for a touchdown. He also passed 23 yards to Al Gursky and 49 to Hal Powell for touchdowns.

REDISTRICTING MEETING MAY BE ARRANGED

HARRISBURG (AP)—Pennsylvania Democratic leaders are hopeful of arranging a meeting this week to hammer out the party's position on the controversial issue of Congressional reapportionment.

State Chairman Otis B. Morse, who has had his problems getting party leaders together, hoped that a meeting could be arranged now that Gov. Lawrence is back from a week's vacation and U.S. Rep. William J. Green is due back from his vacation later in the week.

"There has to be a meeting," Morse said over the weekend. The last word from Green on redistricting was that his position is unchanged.

WON'T BE SPECIFIC

The congressman has been saying all along that he wants a "fair and equitable reapportionment." He has refused, under persistent questioning by newsmen, to say that this means retaining six seats in Philadelphia.

GOP State Chairman George I. Bloom said over the weekend Green was stalling in order to win support in Washington for increasing the size of Congress.

The Republican state committee also favored a bigger congress, Bloom said.

BAD NEWS FOR BOSS

"But we have bad news for boss Bill Green," he added in a statement. "If the state loses only two instead of three Congressmen, Republicans will still insist that one of the seats to be eliminated must be in Philadelphia."

Lawrence, on returning home, denied there was any private agreement between Republicans and Democrats on redistricting. Pennsylvania stands to lose

A Lovelier You

By MARY SUE MILLER

CUT YOURSELF A PIECE OF CAKE. For weight-watchers, the next weeks can be a crucial time. Party and holiday fare make it so.

To lose or even hold your weight down during the period, you would have to fast at feasts. And who would wish to follow such a course? Only a killjoy, methinks!

Failure by the legislature to redistrict by next Feb. 20 will force an at-large election of Congressmen in 1962.

A dieter among merrymakers seems a gloomy spectre, a ghostly keeper of the calorie counter—her own and everybody else's. So, my lovelies, better cut yourself a piece of the party "cake," enjoy it and then thereby let the others do the same in good conscience. Diet on your own time!

But mind you, keep the party portions within bounds—no second helpings. Then between feasts cut calories to a minimum. That way, you won't gain, and you may just lose an ounce or two.

Simply as a pattern for diet days, these menus totaling less than 1,000 calories.

Breakfast: 4 oz. orange juice, 1 slice protein toast with low-calorie jam (no butter), coffee—black or with milk and artificial sweetening.

Luncheon: Clear consommé, egg salad (2 eggs, diced celery, onion juice, low-cal mayonnaise), 1 slice Melba toast, raw apple, glass skim milk.

Dinner: Lean meat of choice (3 or, broiled or roasted), whole

baby beets dusted with cinnamon (not buttered), mixed green salad with dieter's Italian dressing, vanilla pudding (low-calorie package), black coffee.

LOSE WITHOUT BLUES

Note: This plan is one of expedience, geared to the season. It is not feasible for serious weight losses—post season.

Weep no more about excess weight! You can lose without hunger pangs, fatigue and flabby aftermaths. Just send for "Lose Without Blues"—a 16-page booklet that gives delicious menus, easy spot-reducing exercises, dieting tricks, your model weight and how to maintain it. For your copy, write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a long, self-addressed, stamped envelope and 20 cents in coin.

CONGO CHAOS

Both Stevenson And Zorin Are Wrong
A Unified Congo Is A Pipe Dream

By JIM DAN HILL, Ph.D.,
President, Wisconsin State
College, Superior

THE CONGO PROBLEM, our Mr. Adlai Stevenson at the U.N. says, requires a small but effective air force, in addition to present U.N. troops, to bring order out of the jungle chaos.

Soviet delegate Valerian A. Zorin sees no need for such a force. He attributes all the Congo difficulties to Katanga, the rich, southeastern upland mountain country that is trying to secede. The Russian insists that Belgium, with the backing of the western "colonial powers," is encouraging Katanga secession.

There is the inference that if the Communist backed Antoine Gizenga, leader of the northeastern corner of the Congo, were given proper support, Katanga could be whipped back into the Republic of Congolese Federated states.

BOTH MEN ARE WRONG

Eighteen months ago, when it was apparent the former Belgian colony would become the greatest test of the U.N. since Korea, yours truly spent the spare time of two or three weeks in a rather good college library assembling background for a series of these weekly essays. Under date of September 28, 1960, I wrote as follows:

"The Congo Republic has no political parties as we understand the term. The present political parties came into existence as late as 1958. They know and are

pledged to but one principle, freedom!

"Now that they have it, all Congolese parties appear to be completely without platforms. All are in a scramble for power. The so-called parties are now no more than regional, tribal groups."

A turbulent and disjointed future was predicted.

IT HAS BEEN turbulent and greater disunion waits in the future. Though the U.N. has become a factor in the strange struggle for power, a few more airplanes do not solve the basic problem.

The bitter truth is that the U.N. is trying to create by force a nation in a vast domain where the basic essentials of a nation do not exist.

The essentials of nationality include a common culture and a common language. The Congolese north, south and east have the same color but not the same culture. They do not speak the same language. They have no written literature understandable to all.

Another basic essential is a certain degree of geographical similarity and unity. The mineral rich uplands of Katanga are as different from the steaming Congo River below Stanleyville as are the Ozark Mountains from the jungle swamps of the Amazon River.

Furthermore, to create a nation there should be more or less natural boundaries on two or more sides. This essential does not

Social Security

Q. I hire two men on my farm during the crop season, and one other on a part-time basis. Do I have to report earnings on this part-time worker?

A. Wages paid to either a full-time, or part-time farm worker must be reported to the director of Internal Revenue if the worker is paid as much as \$150 cash wages in the year. If he is not paid as much as \$150 but works for you on a time basis, by the hour, day or week for 20 days or more, his wages must also be reported regardless of the amount.

Q. One of my neighbors, age 68, tells me that my benefits will be figured on my high two years. Another neighbor, age 65, tells me the high five years are used. I'm now 64, and wonder who is right?

A. Actually both your neighbors exist for the erstwhile Belgian Congo.

In short, with kind, supervisory tutelage, with a policed law and order, that vast region has the makings of at least three nations, with better claims to being such than some now in the U.N.

WESTERN CONGO, with Leopoldville as capital, seems willing to accept the authority and leadership of President Kasavubu and his General Mobutu. They have about 17,000 semimilitant Congolese troops, more or less under their direct control from Leopoldville. In theory they have an additional 15,000 troops in the Eastern province, of which Stanleyville is the capital.

But jungle covered Eastern is the domain of Antoine Gizenga. He has almost unified tribal support and is heir to the murdered Lumumba's mantle. He is believed to have undermined any control General Mobutu has over the 12,000 troops in his region. Perhaps they do not accept his orders but neither do they accept Mobutu's. Moreover, Gizenga is generally considered a Moscow puppet.

Gizenga and Kasavubu are in agreement on but one point. Both want to keep Katanga within their sphere of influence, because its wealth is supposed to pay the bills of any new nation that may be created. In this the short-sighted Mr. Stevenson seems in agreement.

MEANWHILE, President Tshombe, of Katanga, has no intention of putting the wealth of his domain at the disposal of the lowlanders. He is an all out Jeff Davis—a black secessionist!

The recent atrocities resulting from mutiny and massacre are generally credited to the undermining influence of Gizenga. Tshombe has his 11,000 man army pretty well under control, but it is becoming more unruly as time passes.

Over all this chaos, the U.N. is trying to police and unify and create a nation with a mixed, civilized force of 15,000 men drawn from 18 different nations, most of them quite small.

Among these U.N. forces the most ghastly joke is on the Irish battalions. Notwithstanding their long tradition of fierce independence and separation from England, they are now forcing unification upon others.

Both Mr. Stevenson and Mr. Zorin will have to show far more statesmanship than either has unveiled thus far, if any good is to come from any U.N. operations now in progress in the Congo.

SAYS RACE FOR GOVERNOR IS "WIDE OPEN"

HARRISBURG (AP)—Republican State Chairman George I. Bloom said he considers the party's race for the 1962 gubernatorial nomination a wide open affair.

Bloom was asked Sunday to comment on reports that Superior Court Judge Robert E. Woodside, 57, of Millersburg had gained his support for the nomination and was out in front of other contenders.

The GOP chairman said he had great admiration for Woodside, but emphatically denied he was pushing Woodside's cause in informal talks with party leaders.

WOODSIDE SURGE

He added: "It would be foolish for me, with the party having so many excellent candidate possibilities, to single out anyone as the frontrunner (for the nomination) at this time before I know what various leaders are thinking."

Woodside's name surged to the top of the list of hopefuls after U.S. Rep. William W. Scrantom said last Friday he would not be a candidate for either governor or the U.S. senator next year.

Woodside turned down the gubernatorial nomination in 1958. McGonigle, Reading pretzel maker, as their candidate and he was defeated by Gov. Lawrence.

NEW NAME IN

Woodside is represented as being interested in the nomination this time.

are citing their own cases correctly to you. Your benefits are determined by two factors: The year you attain age 65 (62 for women) and the amounts of your earnings. You will reach age 65 in 1962, so your monthly benefit will be based on your six years of highest earnings from 1956 through 1962. For more information ask your social security office for Leaflet 855.

Q. The last two years my farm income has been rather small and I haven't earned any "units" toward retirement. Is there any way I can pick these up?

A. Yes, if your total sale of farm products was \$600 or more you can get quarters of coverage by using the optional method of reporting self employment income that is available to farmers. By this method you can report two-thirds of your gross income if the gross is not over \$1,800. If it is over \$1,800, you can report \$1,200. If you wish to do so, you may file amended federal income tax returns for recent years in order to use this method.

Q. I read in the paper that under the 1961 amendments since I was 65 before 1958, I need only a minimum of one and one-half years' work, but in the book, "How To Estimate Your Earnings," it appears I need five years of earnings to figure my benefits. Which is right?

A. Both the newspaper and the booklet, "How To Estimate Your Earnings," are correct. In your case since you reached 65 before 1958, the one and one-half years' work gives you six quarters of coverage, and makes you eligible to draw Social Security benefits. The five years of earnings is how we determine the amount to pay, and has no bearing on whether you can draw benefits. For example, if you earned \$2,000 a year for the one and one-half years and then quit work you would be entitled to \$40 a month benefit effective August 1961. However, if you had five \$2,000 earnings years, you would be entitled to \$77 a month.

AP Reporter Finds Trip On Autobahn Frustrating

EDITOR'S NOTE — The Autobahn is the only overland route for the Western Allies to West Berlin. AP correspondent Gene Kramer in the following dispatch takes you for a ride over this key highway.

By GENE KRAMER

BERLIN (AP)—When West Berliners speak of The Autobahn, they mean one of the most heavily controlled and vital stretches of highway in the world.

This lifeline from West Berlin to West Germany cutting across 110 miles of Communist-ruled East Germany has figured in every Berlin crisis. In any East-West talk over Berlin, the Western Allies are sure to demand that it be kept open, along with the isolated city's air corridors across East Germany.

What is it like to travel the autobahn? Among other things, frustrating and monotonous.

CHECKED BY SOVIETS

I had to produce my passport 35 times just to make the round trip from Berlin to Helmstedt, West Germany.

Nearly all the passport showings were to East German guards who control civilian traffic. The question of Allied access to West Berlin, however, centers around official and military traffic. This is checked only by the Soviet under agreements made at the end of World War II.

Any Soviet move to transfer its autobahn control to East Germany, which the Western Allies do not recognize, might well precipitate the next Berlin crisis.

TEDIOUS SEQUENCE

The first seven passport checks were just to drive from West to East Berlin and back to buy a visa for crossing East Germany. Cost: \$2.50.

This was followed by a drive to the western outskirts of Berlin and eight more passport showings for the right to enter the East German highway section.

The sequence was: A token passport inspection by West Berlin police, a drive between coils of barbed wire lining the highway through a short no-man's land, a zig-zag through steel barriers recently installed by the East Germans to slow traffic, two passport checks by East German police barriers, parking, three stops inside an unheated shed for declaring currency, paying the highway toll—\$1.25 a car—and other formalities, followed by two more police barriers.

ILL-TEMPERED WOMEN

Then off across the 110-mile highway to more of the same at the frontier between East and West Germany, at Helmstedt. The trip back requires another dozen checks, enough to get anyone's passport dog-eared.

Official Allied cars skip most of

Bloom injected a new name into the picture of gubernatorial possibilities.

He said State Sen. Raymond P. Shafer, R-Crawford, had personally expressed an interest in running.

Shafer, 44, has been in the Senate since 1959. He is a former Crawford County district attorney. He is considered a leading spokesman on education matters in the Senate.

CHRIST CHURCH NEWS

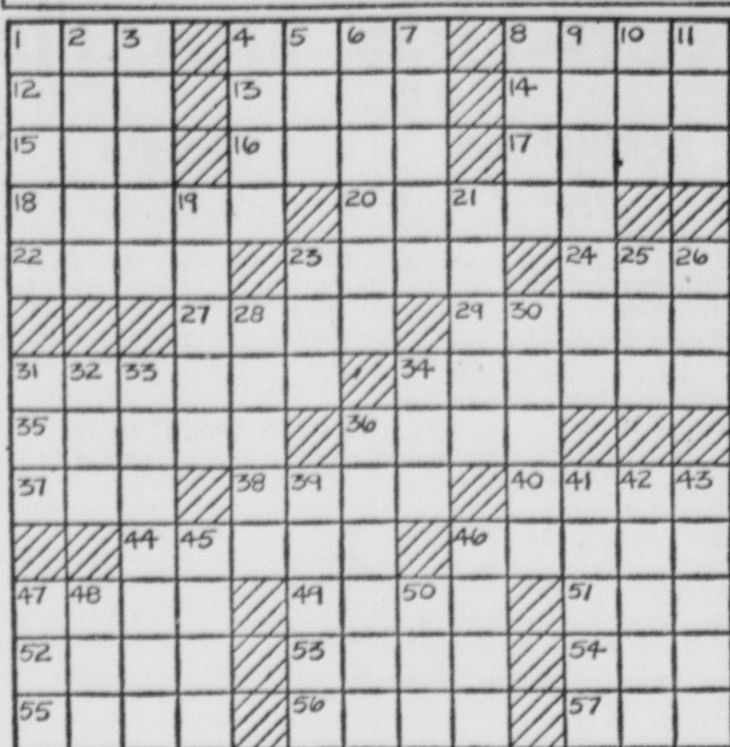

The annual thank offering service was held on Sunday morning in Christ United Church of Christ in charge of the Women's Guild. The guest speaker for the occasion was Mrs. John Z. Martin, New Oxford. "The cross represents centrality," she said and further added, "In America Thanksgiving goes back to our Pilgrim fathers. In history it goes beyond the Pilgrims; it goes back to the Hebrews who in the Psalms sang 'Let us come before Him with praise and Thanksgiving.'" Mrs. Martin told the large congregation, "We are witnesses—a personal knowledge of our Christian faith. We must witness as we work, worship and study. Cost of discipleship is much greater in some countries than in the United States. Is our witness adequate? Do we witness in deeds? A bell isn't a bell unless we ring it." She concluded her message, "A Christian isn't a Christian unless he shines."

The order of worship for the thanks offering ingathering was as follows: Organ prelude; processional hymn; invocation; Mrs. Charles A. Grove; responsive reading, led by Mrs. Clyde L. Serner; scripture reading, Mrs. Irvin C. Markle; Gloria Patri; prayer, the Rev. G. Howard Koons, pastor; offering received; choir anthem "The Heavens Are Declaring"; poem "Witness Thanksgiving," Mrs. Harold E. Shoemaker; ingathering of the thank offering, Mrs. Orville C. Senter, Mrs. Donald L. Wolfe, Miss Cora R. Diehl, Miss Miriam E. Dutterer and Mrs. Alvin C. Gerick; hymn; introduction of the speaker, Mrs. G. Howard Koons; address, Mrs. Martin; Lord's Prayer in unison; doxology; benediction, the Rev. Mr. Koons; recessional hymn; organ postlude.

Ralph L. Snyder, Mervin K. Myers, Louise E. Hilker and Aaron W. Bair served as ushers for the service. The bulletins were given in honor of the birthday of Reynold A. Rindinger by his granddaughters, Sharon and Lisa Slaybaugh, and by the Women's Guild. The flowers were presented by the guild and by Mrs. George W. Robert and family in memory of their husband and father, George W. Robert.

On Sunday morning the congregation elected Edgar W. Berwager and Melvin L. Spangler as

ST. ALOYSIUS
BAZAAR WAS
BIG SUCCESS

The Rev. Dr. John E. Metz,

pastor of St. Aloysius Catholic Church, extended his appreciation to the members of the congregation and the citizens of the community for their work and their patronage at the annual and suppers, which he pronounced a tremendous success, at the Sunday morning masses. Prayers were offered for the repose of the soul of Roger E. Kress, who died during the past week. The third degree of participation in the Dialogue Mass was practiced by the members of the congregation during the time usually devoted to the sermon. Beginning with next Sunday, the Dialogue Mass will be said at St. Aloysius. The second mass, beginning with the First Sunday of Advent, will be a High Mass.

Tonight at 7 o'clock, there will be religious instructions for the young people of the parish attending public junior and senior high school. At 8 o'clock, there will be a meeting of the executive board of the Conewago Deane Council of Catholic Women. Daily Mass this week, through Thursday, will begin at 7:15 a.m. in the convent chapel. Confessions will be heard on Thursday at 4 and 7 p.m. in preparation for the First Friday of the month. Communion will be distributed outside of Mass at 5:45 and 7 a.m., and the First Friday Mass, to be attended by the pupils of the school, will begin at 8:15 a.m. Sunday School for the children of the parish attending public elementary school will be resumed next Sunday at 9 a.m. Parishioners are reminded that each is requested to contribute at least one item of good used clothing for the current drive no later than Friday of this week. The clothes will then be packed by a committee from St. Aloysius Parish Council of Council Women.

Father Metz baptized David Joseph Little, infant son of Ned A. and Sarah Rang Little, Littlestown R. 1, who was born November 13 in the Warner Hospital, Gettysburg, following the late Mass on Sunday. Baptismal sponsors were the child's maternal grandparents, Mr. and Mrs.

Joseph Rang, Littlestown R. 1.

Cpl. Little, who is stationed with the United States Marines in Japan, is the son of Mr. and Mrs. David S. Little, E. King St.

The Senior Choir of Centenary Methodist Church sang an anthem during the Sunday morning worship service. The responsive reading was entitled "The Way of Holiness." The pastor, the Rev. William R. Jones, read the Scripture from Lamentations 3:22-26 and I John 4:7-16, and delivered the sermon on the subject "Lonely Hearts Club." Altar flower donors are urged to sign the flower chart.

Centenary Senior Choir will rehearse at 6:30 p.m. on Tuesday. Persons interested in purchasing the two reed church organs are asked to have their sealed bids in the hands of the Official Board secretary, Mrs. Chester S. Byers, 30 E. Myrtle St., before December 15. The organs may be seen by appointment. The Women's Society of Christian Service has Christmas cards for sale. These cards may be seen at the parsonage. There will be a gift exchange at the next regular meeting of the WSCS on Tuesday, December 12, at the church.
